

## **A Reflection from The Rev. David Curtis // June 5, 2024**

Bea Arthur, of blessed memory, told the story of auditioning for road company production of a Broadway musical. She arrived at the audition, took to the stage, and sang, "Summertime....." and promptly drew a blank. Needless to say, she did not get the part.

For many, summertime is a time when livin' is easy. Well, if not easy, it may be easier. Many of us are fortunate to have vacations lined up. Some of us have river or mountain homes that provide a nice escape. And, when the heat and humidity rises, almost all of us have the luxury of turning on the AC.

For others, summertime can make livin' more complicated. Hunger is still present, and access to food can become more challenging.

This summer, as you plan your vacations and weekend travel, I invite you to plan how you will continue to support the food pantry at Welborne United Methodist Church. Our donations help to meet the growing needs of those for whom there is more month than there is paycheck. Check their [facebook page](#) for the most needed items each week.

Jesus said, "Feed my sheep". By feeding others, we can make summertime a bit easier, and we can live into the Good News of Jesus Christ.
